A Message from Freeholder Director
Gerald M. Thornton

It is a great honor and pleasure to serve the citizens of Cape May County as the Freeholder Director. Cape May County is celebrating its 325th Anniversary, having been incorporated on November 10, 1692. The work of the Board of Chosen Freeholders has always been challenging and decisions made by the Freeholders over the years have helped to make Cape May County the envy of the State. My colleagues and I strive every day to improve services to the residents to enhance the quality of life in Cape May County.

The Board of Chosen Freeholders has spent the past few years, looking within to reorganize County departments and services to better address the changing needs and demands. Health and Public Safety are paramount in all our decisions and drive us to stay on top of issues that impact our daily lives. This is most evident in the changes in our Human Services Department where resources and funding have been reallocated to meet emerging needs. Throughout the County, we are doing more with less to provide necessary services and reduce costs.

We work closely with law enforcement to ensure our residents are protected from the terror and tragedies that are facing our nation. Improvements in the County’s law enforcement agencies are keeping pace with the changing environment. Outreach programs and projects within the Prosecutor, Sheriff, Police Academy and Corrections Center are making a difference in the safety and protection of our residents and visitors.

Providing services to our citizens from health clinics, Meals on Wheels and mosquito control are just a sample of how we continue to do our best to maintain an improved quality of life for our families. The new library system is taking advantage of new technology and has increased programs that are reaching more residents and supplementing educational opportunities for school children.

More and more pressure is being placed on government to help those who are in need. Homelessness and addiction are issues that have no borders nor boundaries and are impacting our families and putting a strain on our resources. We as a community must work together for a viable solution that will address these issues and make families whole again. There is no road map to resolve this crisis, the journey will not be easy. The path to success will take compassion, education and determination from all fronts.

Tourism remains the top economic driver in the County, generating nearly $6.5 billion annually, aquaculture and our thriving wineries, breweries and distilleries are resulting in new business growth and an increase in year round jobs. Commercial fishing is the second largest industry and the port of Cape May/Wildwood is ranked in the top ten nationally. The investments we have made in economic development initiatives at the airport are attracting new businesses, with new and innovative technology to bring more jobs to the County in the aviation field.

I assure you that this Board of Chosen Freeholders will continue to move Cape May County forward and work to serve our residents, overcome our challenges and preserve our natural assets.

**Official County Seal adopted in 1927**

**The History:**
County records indicate that the first mention of the “County seal” was on February 6, 1838, when the Board of Freeholders asked Jeremiah Leaming to make a seal for the County. There is no description of what type of seal it was or what it looked like. A County seal was not mentioned again in records until May 7, 1872, when the Director of the Board of Freeholders, Dr. Alexander Young, suggested that a new County seal be made as the old one was poorly made and should be destroyed. There was no description given of the appearance of this seal either.

On March 16, 1927, Freeholder Director Joseph G. Champion presented a design for an official County seal to the Board of Freeholders. The design had been made by architects Edwards and Green of Philadelphia. Champion wished to have the design installed in the floor of the new court house building on Main Street in Cape May Court House. The design was accepted and on May 1, 1927, this design became the official seal of Cape May County.

**The Symbolism:**
The boat is believed to represent the Half Moon, the ship of Henry Hudson, who “discovered” the cape and claimed it for the Dutch. The compass arrow indicates the position of the County. The symbols around the edge represent fish or whales which, along with the anchor, represent the County’s maritime commerce. The bee hive on the right is thought to represent County industry. The stack of books on the left represents learning or education. The cornucopia between the fish represents the agricultural bounty of the County. The last symbol at the bottom of the seal is a mystery symbol. The meaning of this symbol is unclear.
