Page 30, Subsection 108.07: *The following is added:*

The Contractor may continuously close a lane, except for during the aforementioned time periods, through the use of traffic directors or portable traffic signals. The traffic signals are to flash in the amber mode when both lanes on the bridge are available to traffic. The traffic directors or signals shall only be used when required and their use shall be scheduled with the RE and the local police Department. The traffic directors or signals shall not go into use until all signs and equipment are in their proper positions or locations.

No closure of the bridge will be permitted. Traffic must be maintained at all times.

Page 45, Subsection 159.03.10: *The first paragraph in the Special Provisions is revised to read as follows:*

Maintain a minimum of one lane handling two-way traffic through the use of traffic directors or other approved means at all times unless otherwise approved. A single lane may be temporarily closed subject to the approval of the Engineer and local authorities depending on weather and traffic conditions. If the Contractor desires to have the lane closing beyond dusk and uses traffic directors, provide lighting. Find the allowable lane closings times in Subsection 108.07.
